Leather collection - Price group leather (PG L)

for box spring bed base, head and foot section

Please add the required leather no. to the order no. of the box spring base.

European aniline leather with a thickness of 0,8 to 1,0 mm. Skin size approx. 4.8 - 5.0 m².

By the help of resin and wax we get an antic optic.

Asian aniline leather with natural grain and vintage look with a thickness of 1,2 - 1,4 mm. Average skin size approx. 3.8 - 4.0 m².

The leather is dyed and has a natural and velor-like surface by special handwork with waxes and anilines.

If the order number of a model comprises several parts (e.g. box spring base including headboard), then a different fabric can be chosen for each component. If different price groups are involved, then the price of the highest group will apply.

upholstery fabric meter prices (per linear meter)

Please note the information concerning fabric widths on the sample cards in our collections.

JAB
ANSTOETZ

ALCANTARA®

The JAB ANSTOETZ group of companies is the world's biggest fabrics house, and is based in Bielefeld in Germany. The group was founded in 1946. Today, JAB ANSTOETZ exports to more than 80 countries in the world and has agents in over 70 countries. Whether classically elegant, romantic, playful or uncompromisingly modern, twice a year the stylishly confident collections of exclusive home fabrics by JAB ANSTOETZ present new living worlds in exclusive quality for any furnishing style.

Alcantara® – since 1972, this product has stood for a unique material, timeless elegance, a fascinating sensory excitement, ease of care and beauty. Alcantara® feels like leather, but is extremely hard wearing. It looks and feels like soft suede. Which means this high-tech microfibre material is the perfect cover material for durable, high quality furniture.

If using other fabrics, please always consult with the factory!

Informations about the mattresses

On a mattress size of 160/180/200 x 200 cm, you have the choice of a sleeve in one or various hardness levels.

Maximum 500

Total height: 23 cm, core height: 19 cm

Stretch 742: 43 % viscose, 55 % polyester, 2 % cashmere

Barrel pocket spring core mattress with 480 springs:

- Spot-elastic barrel pocket spring core ensures good adaptability.
- Outstanding support due to the 7 hardness areas corresponding to the body zones.
- Very good flexibility due to the centre gluing of the springs.
- Very good sleeping climate.
- Relaxing pressure relief thanks to the 4 cm thick cold foam padding (bulk density 50 kg/m³)
- Exclusive cashmere cover (2%), soft, glossy, anti-static and climate-regulating, quilted with bulk-elastic polyester hollowfibre.
- Side panels of cover with breathable climate strip for optimal ventilation.
- Cover can be removed and washed up to 60°C.
- Available in hardness level 2 (soft) and hardness level 3 (compact).

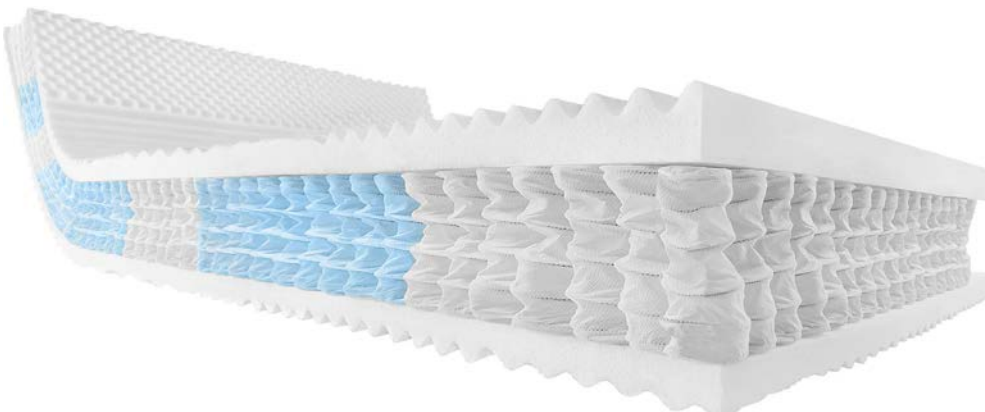

Maximum 1000

Total height: 23 cm, core height: 19 cm

Stretch 742: 43 % viscose, 55 % polyester, 2 % cashmere

Barrel pocket spring core mattress with 1,000 springs:

- Very good elasticity and selective support due to approx. 1,000 pocket springs on a mattress measuring 100 x 200 cm.
- Outstanding support due to the 7 hardness areas corresponding to the body zones.
- Very good flexibility due to the centre gluing of the springs.
- Optimal climate control due to the air cushion in the core.
- 4 cm thick padding made of highly compressed cold foam (density 50 kg/m³) with surface profile for the lowest possible contact area pressure.
- Exclusive cashmere cover (2%), soft, glossy, anti-static and climate-regulating, quilted with bulk-elastic polyester hollowfibre.
- Side panels of cover with breathable climate strip for optimal ventilation.
- Cover can be removed and washed up to 60°C.
- Available in firmness levels 2 (soft), 3 (compact), 4 (compact plus).
- H2 and H3 without cushion backing, H4 avec sisal cushion backing.

Informations about the mattresses

On a mattress size of 160/180/200 x 200 cm, you have the choice of a sleeve in one or various hardness levels.

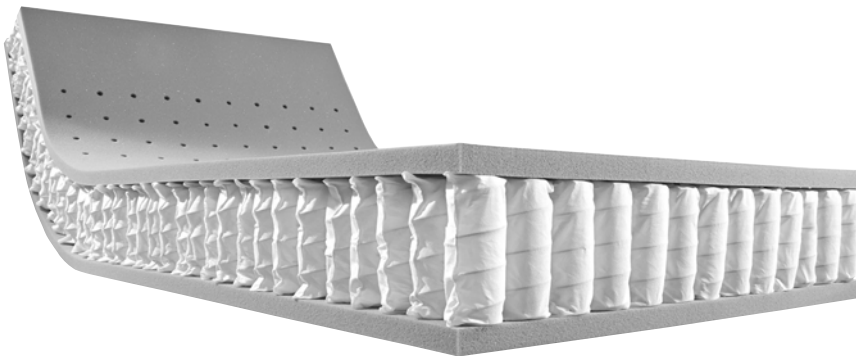

Maximum KS Twin

Total height: 25 cm, height of core: 21 cm

Stretch 742: 43 % viscose, 55 % polyester, 2 % cashmere

Pocket spring core mattress with innovative twin springs:

- Pocket spring core mattress with excellent point adjustment and support for the body
- Innovative pocket spring core with barrel-shaped steel springs sewn into pockets Some of these springs – the twin springs – have a second spring on the inside for reinforcement, which increases the supporting effect of the spring under load.
- The single and twin-springs are arranged to create 7 zones of different suspension levels: flexible shoulder comfort zones and supporting lumbar and pelvic areas.
- The zones are arranged symmetrically, which means that the mattress can be turned in any direction with no loss of comfort
- Highly elastic cold foam padding bulk density 50 kg/m³
- Quilted climate balance zones in new wool combined with Ingeo and polyester fibres on both sides.
- Elegant cashmere cover, soft, glossy, antistatic and climate-regulating.
- Cover removable and washable up to 60°C. Do not tumble dry.
- Available in firmness levels 2 medium and 3 compact

Maximum GL Twin

Total height: 27 cm, height of core: 23 cm

Stretch 742: 43 % viscose, 55 % polyester, 2 % cashmere

Pocket spring core mattress with innovative twin springs:

- Pocket spring core mattress with excellent point adjustment and support for the body
- Innovative pocket spring core with barrel-shaped steel springs sewn into pockets Some of these springs – the twin springs – have a second spring on the inside for reinforcement, which increases the supporting effect of the spring under load.
- The single and twin-springs are arranged to create 7 zones of different suspension levels: flexible shoulder comfort zones and supporting lumbar and pelvic areas.
- The zones are arranged symmetrically, which means that the mattress can be turned in any direction with no loss of comfort
- top side: pressure-relieving spot-elastic Gelax special foam, 5 cm thick, bulk density 50 kg/m³
- bottom side: highly elastic cold foam upholstery, 3 cm thick, bulk density 50 kg/m³
- excellent climate control through vertical ventilation channels
- Quilted climate balance zones in new wool combined with Ingeo and polyester fibres on both sides.
- Elegant cashmere cover, soft, glossy, antistatic and climate-regulating.
- Cover removable and washable up to 60°C. Do not tumble dry.
- Available in firmness levels 1 soft and 2 medium
