BOX SPRING MAXIMUM - quality details and product information:

- The box spring is a sturdy wooden base structure with pocket spring core, upholstered and with a fabric cover. Combined with the chosen mattress, this system results in maximum sleeping comfort thanks to the high spring travel.
- Box spring base optionally not adjustable (FIX) or with power-assisted adjustment of head and foot area (MOT).
- Electrically adjustable box spring bed bases with emergency lowering function in the event of power failure.
- Radio remote control available for a surcharge.
- The box spring base and the headboard are covered in high quality upholstery fabric or imitation leather.
- Only to be assembled by trained professionals.
- Please refer to the femira quality and furniture passport for further indications.
- In line with statutory product liability and the prescribed product information, according to a Higher Regional Court ruling the product pass with the product information must be verifiably issued to the end consumer on purchasing our furniture.
In the event of non-compliance, the warranty claims on the furniture manufactured by us are limited or excluded in case of complaints due to inadequate specialist advice, demonstrably incorrect installation or improper treatment.
Our Femira quality and warranty certificate is available free of charge and in sufficient numbers on request.
- Address orders to: Femira Schlafsysteme GmbH, Daimlerstrasse 2-4, D-33442 Herzebrock-Clarholz or info@femira.de

Box spring MAXIMUM by Femira - sleep wonderfully well!

***Other mattress and topper recommendations:
see list of types Maximum - the premium class***

fabric collection

fabric collection - price group 1 (PG 1)

for box spring bases, head and foot sections, accessories and fabric-covered mattresses

Please attach the preferred fabric no. to the order no. for boxspring supports!

Imitation leather covers on mattresses crease rapidly due to the nature of the material: this does not constitute a quality defect!

fabric collection - price group 2 (PG 2)

for box spring bases, head and foot sections, accessories and fabric-covered mattresses

Please attach the preferred fabric no. to the order no. for boxspring supports!

fabric collection - price group 3 (PG 3)

for box spring bases, head and foot sections, accessories and fabric-covered mattresses

Please attach the preferred fabric no. to the order no. for boxspring supports!

fabric collection - price group Alcantara (PG ALC)

for box spring bases, head and foot sections, accessories and fabric-covered mattresses

Please add the required fabric no. from the current Alcantara fabric collection to the order no. of the box spring base.

If the order number of a model comprises several parts (e.g. box spring base including headboard), then a different fabric can be chosen for each component. If different price groups are involved, then the price of the highest group will apply.

JAB
ANSTOETZ

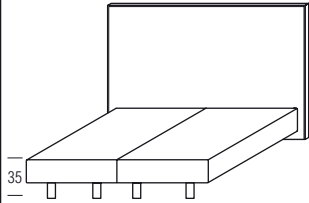

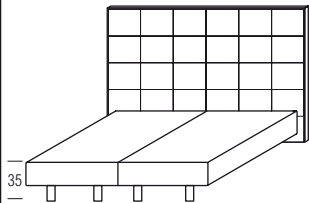

ALCANTARA®

The JAB ANSTOETZ group of companies is the world's biggest fabrics house, and is based in Bielefeld in Germany. The group was founded in 1946. Today, JAB ANSTOETZ exports to more than 80 countries in the world and has agents in over 70 countries. Whether classically elegant, romantic, playful or uncompromisingly modern, twice a year the stylishly confident collections of exclusive home fabrics by JAB ANSTOETZ present new living worlds in exclusive quality for any furnishing style.

Alcantara® – since 1972, this product has stood for a unique material, timeless elegance, a fascinating sensory excitement, ease of care and beauty. Alcantara® feels like leather, but is extremely hard wearing. It looks and feels like soft suede. Which means this high-tech microfibre material is the perfect cover material for durable, high quality furniture.

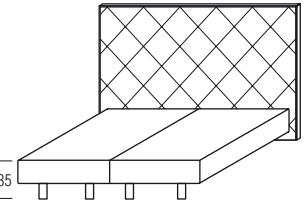

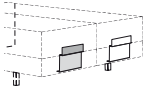

If using other fabrics, please always consult with the factory!

Mattresses Maximum 500

leather imitation and Alcantara on mattresses creates more wrinkles than other fabrics due to the material and are no lack of quality!

Total height: 21,5 cm, height of core: 18 cm

Barrel pocket spring core mattress with approx. 500 springs:

- Spot-elastic barrel pocket spring core ensures good adaptability (**approx. 500 springs on 100 x 200 cm**).
- Outstanding support due to the 7 hardness areas corresponding to the body zones.
- Very good flexibility due to the centre gluing of the springs.
- Very good sleeping climate.
- 4 cm thick upholstery in high-density cold foam (bulk density 50 kg/m³) with vertical ventilation channels.
- Non-fabric covered areas are covered in stretch 742 (43% viscose, 55% polyester, 2% cashmere).
- Available in hardness level 2 (soft) and hardness level 3 (compact).

Total height: 21,5 cm, height of core: 18 cm

Barrel pocket spring core mattress with 1,000 springs:

- Very good elasticity and selective support due to approx. 1,000 pocket springs on a mattress measuring 100 x 200 cm.
- Outstanding support due to the 7 hardness areas corresponding to the body zones.
- Very good flexibility due to the centre gluing of the springs.
- Optimal climate control due to the air cushion in the core.
- 4 cm thick upholstery in high-density cold foam (bulk density 50 kg/m³) with vertical ventilation channels.
- Non-fabric covered areas are covered in stretch 742 (43% viscose, 55% polyester, 2% cashmere).
- Available in hardness level 2 (soft), hardness level 3 (compact) and hardness level 4 (super-compact).

Mattresses *MAXIMUM KS Twin* with stretch cover (removable and washable)

Maximum KS Twin, total height: 25 cm (height of core: 21 cm)
Stretch cover 742: 43 % viscose, 55 % polyester, 2 % cashmere

- Pocket spring core mattress with excellent point adjustment and support for the body
- Innovative pocket spring core with barrel-shaped steel springs sewn into pockets. Some of these springs – the twin springs – have a second spring on the inside for reinforcement, which increases the supporting effect of the spring under load.
- The single and twin-springs are arranged to create 7 zones of different suspension levels: flexible shoulder comfort zones and supporting lumbar and pelvic areas.
- The zones are arranged symmetrically, which means that the mattress can be turned in any direction with no loss of comfort
- Highly elastic cold foam padding bulk density 50 kg/m³
- Quilted climate balance zones in new wool combined with Ingeo and polyester fibres on both sides.
- Elegant cashmere cover, soft, glossy, antistatic and climate-regulating.
- Cover removable and washable up to 60°C. Do not tumble dry.
- Available in firmness levels 2 medium and 3 compact
